

# Honors Newsletter

February 1, 1990

By: Neil Spicer

## Ratify the New Honors Constitution

The new Honors Constitution now exists! On January 25th, we had a town meeting in which we discussed the first draft of the constitution. The only problem we have is that we need to ratify it as soon as possible in order for us to receive funding from SGA. Please fill out the voting slip below if you live outside of Phase V and either mail it to the Honors Office or drop by and give it to us. If you live in Oak Hall, Neill Kimrey and myself would appreciate it if you could come by our room and sign a sheet signifying your acceptance of the new Constitution.

## Financial Difficulty

OUR MONEY IS LOW!!! Due to the first Honors Retreat and the Enrichment Seminar, we have spent quite a bit of our budget. These activities have been well worth the cost, but we have limited funds to support all Honors activities: retreats, office supplies and costs, computer equipment, Enrichment Seminars, etc. The program is so short of money, I don't see any possibilities for spring socials or any other events other than those to which I have already committed. I welcome any ideas. P. S. Get a thought! If you have ideas about the newsletter, give them to Neil Spicer in Oak 204.

Fowler

## The President's Corner

The next Dinner Roll will be on Valentine's Day (a.k.a. February 14th). We will be going to RAGA (Indian Cuisine) on Independence Boulevard. Meet at 7:15 pm at the Phase V mailboxes. Please try to be prompt, since we will be leaving at 7:20 pm. Feel free to bring a guest.

Thanx!  
Neill Kimrey

I vote to accept the new Interdisciplinary Honors Constitution as it stands with the knowledge that it can be amended at any time deemed necessary by the members of the Interdisciplinary Honors Program.
