

HONORS GREETING

This is just a note to remind you of our nomination meeting on Thursday!

DATE: March 24, 1988

PLACE: Maple Community Room

TIME: 12:30 pm

We will be voting on the officers for next year based on the nominations we have received as well as any nominations from the floor. Also at this meeting you will have the opportunity to hear the professors discuss their courses for the fall.

GAIL MORSE

Please look at the enclosed brochure and put this date on your calendar. Gale Morris has been awarded the Christa McAuliffe Award for teaching excellence and her presentation should certainly be exciting and worthwhile!

DISCOVERY PLACE

In the process of attempting to schedule a laser show on this campus, we were again reminded of all the possibilities for exploration at Discovery Place and felt that a trip there would have more to offer everyone than a single laser show - that show is available at Discovery Place. Therefore we will be going to Discovery Place on Saturday, April 9th for several hours. If you are able to go with us we will need to reserve a place for you, so come to the meeting prepared to let us know if you will commit to this adventure!

SEE YOU ON THE 24TH !!!!!
