

# HONORS NEWSLETTER

NOVEMBER 17, 1988

Sorry everyone got their newsletter late last week, but I too am a fallible student.

CU

Nothing new that looks interesting this week, folks.

The definitive word is out. If you have not received your schedule from us yet, it's the Registrar's fault. Call them at x2287, tell them who you are and what you need. They will be THRILLED to help you. Any problems let us know.

We are discussing a last meeting/Christmas party for Thursday night, 8Dec. We expect it would last for only a couple of hours. If anyone has any feedback, positive or negative, let us know. If you think this is a supergreat idea and would like to help come by the office.

Hopefully everyone is doing alright in all their endeavors, if not come by and talk to us. One of the reasons this office exists is to help you folks with any problems you have, be they academic, personal, or any other sort.

Congratulations to our very own Heather Livengood for making the front cover of the new edition of the UNC-Charlotte phone directory. We have to wonder, is *Vogue* next?

We are going to take a Thanksgiving holiday next week, but you can expect this publication to resume production the Thursday after we return.

Happy Turkey Day, ya'!!!!

*Fowler, Elaine, and Chuck*
