

HONORS NEWSLETTER

OCTOBER 20, 1988

Congratulations, Kris! For those who could not make it to the meeting on Tues., Kris Cresimore is our new President. Here's hoping all that power doesn't go to her head!

For those who may be interested in working in Washington this summer, the Political Science department is coordinating a program known as the Washington Summer Experience. You need not be a Pol Sci major to apply, and internships are available with a wide range of gov't and non-gov't organizations, typically including (but not limited to) -Congress, Executive agencies, and many special interest and not-for-profit organizations. If you would like more information on this program you should contact Dr. Terry Rhodes, Colvard 5076, x4531.

It's the beginning of the colds and flu season, folks, which coincides with the questionnaire season. RLO will be giving you a brief questionnaire soon, we request that you take the time to fill this out as completely as possible. Your ideas and suggestions (the printable ones, that is) are taken seriously by the people at RLO and in the past have been implemented to make life in the dorms, oops, residence halls, better. Also, we will get the results from Honors students, enabling us to try to improve the program and conditions for you.

Remember, if you want to go on a Venture trip, to the opera, or whatever, **GO!!** Program funds are set aside to enable you to do this. Take advantage of this opportunity. But, remember to get your very own, personalized RRF, before you spend your money.

For you folks who don't live in Oak, let us know if you're not getting your newsletters in a timely manner. Sometimes we goof, and we apologize for that.

UPCOMING TOPICS

next honors meeting to introduce instructors for Spring courses, and to let you know what to expect from their course if you take it.
